FOR RESTAURANTS, BARS, PUBS, PATIOS & EVENT NIGHTS

Live bagpipes for the right kind of night.

A simple, memorable feature for venues that host seasonal programming, themed dinners, or a ceremonial arrival.

Ryan is most useful when a venue wants **a distinct opening, a short featured set, or a traditional touch for a themed night** — the kind of moment guests photograph, without adding a production to manage.

WHERE VENUES USE HIM

Nights that fit

- **St. Patrick's Day blocks** a door welcome or short intervals through the day.
- **Burns Night & Celtic dinners** arrival music, a toast, or a closing tune.
- **Whiskey tastings & private dinners** a ceremonial start that sets the tone.
- **Grand openings & anniversaries** a strong arrival moment for guests and photos.

A GOOD FIT IF YOU

Already host events

- **Run holiday or heritage nights** at a pub or neighborhood bar.
- **Host ticketed dinners** chef events, or club-style evenings.
- **Want a simple live feature** for a promoted brewery or patio night.
- **Value a traditional touch** for members and private clubs.
